

I am writing with extreme concern about the possibility of K-Love radio FM translator being replaced with a LPFM signal. K-Love serves my community by providing positive Christian programming for those who desire it. Frankly, there is no alternative in many areas around where I live and work. Thus, an important type of radio service would be lost if K-love is forced off the air. The service provided by K-Love (106.7) is in the public interest since they provide family friendly programming to a market of listeners where there is little or no opportunity to listen to the same music elsewhere.
